2018-2019 Eğitim-Öğretim Yılı :

DON'T BE SHY, GIVE IT A TRY

Proje hakkında

Learning English doesn't only mean having exams or getting high marks. Improved skills and outputs of the language have the utmost importance in being competent in a language. As English teachers, we are responsible for providing activities to our students so that they will have chances to show their skills and interests. We should help them come out of their shells. Therefore, we have decided to organize karaoke contests in our schools. They will do karaoke single or in a group. Songs will be chosen or approved by the teachers. In each term there will be one karaoke contest and the winners will be awarded. Students performances will be shared in Twin Space and in school sites with permission of their families. Also, the process with each step will be commented by students who will participate the contests. To perform a duet with the students from partner schools, we will also use some applications to help them sing together. Each participant will get a certificate of participation.

HEDEFLER

Students will Attend a special event to use their language competency Gain courage and confidence in using English• Study for the pronunciation and the lyrics of the songs Realize the positive effects of songs in learning a language Entertain besides learning Compare and combine their performances Have a good memory of their high school years Watch the performances of their coevals and evaluate themselves They will build long-distance friendships

ÇALIŞMA SÜRECİ

Until the first week of November the contests will be announced to students with posters. As teachers, we will meet online weekly to check every detail of the project. During the same period, we will create a Twin Space where we will upload the photos, videos and links of our project. We will help students to choose their songs and works. At the end of the November there will be a preselection. At the first week of January winners will be chosen. We will be responsible for recording all the performances and uploading them to Twin Space and to their school sites. We will also record the participants' opinions of the project. For the next term we will follow the same steps at the end of April and the first week of June. We will also supply the certificates of participation to each contestant. In each term we will help students perform duets with other schools' participants. At the end of the project all we will write a general report for the project.

BEKLENEN SONUÇLAR

We expect to develop our students' courage and confidence by singing in English. We also expect to enliven the monotonous language teaching. We believe that attendance of our students to this project will have a positive impact on them to learn a foreign language. Also as teachers, we will have a chance to collaborate and interact with each other. We will have a platform that we can share our works. The participants will recognize E twinning and learn more about it. They will be members of an inter high school project and be experienced as well.. Above all, we will have fun
